## PERPETUAL WAR FOR PERPETUAL PEACE!

By ARCHIBALD E. ROBERTS,  
Lt. Col., AUS, Ret.

(Committee to Restore the Constitution  
Suite 990, Savings Bldg., Ft. Collins, Colo. 80521)

“Perpetual War for Perpetual Peace,” an unscrupulous policy of unending U.S. military entanglements, was revealed with stunning impact during the war in Korea when it became known that the United Nations Security Council controlled the action on both sides of the thirty-eighth parallel.

The agony in Korea was the first U.N. “no-win” war instigated to advance the “trade and aid” objectives of an international banking cartel. The real power behind the United Nations is the New York-based Council on Foreign Relations.

The same U.N. charade, a thinly-camouflaged, stage-managed war, is continued in Viet Nam. The deception of U.S. presidential authority is carefully maintained, of course, but the real chain of command leads from the U.N. Security Council, headed by Dr. Leonid N. Kutakov, a Soviet communist, through the Southeast Asia Collective Defense Treaty Organization (SEATO is an U.N. regional arrangement with headquarters in Bangkok, Thailand), to Lt. Gen. Creighton W. Abrams.

“Men find the truth lovable when it shows them the light: It is odious to them when it makes them see their imperfections.”

— Saint Augustine

Gen. Abrams’ predecessor, General William C. Westmoreland, a member of the powerful Council on Foreign Relations, is now Chief of Staff, Department of the Army.

### U.N. Command

U.N. command of U.S. military action in Viet Nam is clearly exposed in the Gulf of Tonkin Resolution which, prior to its rescission, was quoted by administrative spokesmen as the authority for committing millions of young Americans to the Indochina meat-grinder.

Americans will remember White House declarations extracted from Section 2, H.J. Resolution No. 1145; “Consonant with . . . the Charter of the United Nations and in accordance with its obligations under the Southeast Asia Collective Defense Treaty, the United States is, therefore, prepared, as the President determines, to take all necessary steps, including the use of armed force . . .”

No U.S. official, however, has found it convenient to quote from Section 3, Gulf of Tonkin Resolution, which directs:

“This resolution shall expire when the President shall determine that the peace and security of the area is reasonably assured by international conditions created by action of the United Nations.”

The key to achieving “trade and aid” objectives of the financial cartel is power — military power to enforce the edicts of those who manipulate U.S. national policy. The transmission belt is the United Nations Or-

ganization. Transfer of military power to the Council on Foreign Relations, via the U.N. Security Council, is accomplished in the name of disarmament.

### To Disarm U.S.

One-world propagandists and their dupes belabor the expression, “general and total disarmament,” as a label for their publicly-announced goal of “international peace and security.”

This is, however, a false and misleading label; for the truth is that what is actually proposed by them is a central political authority backed by overwhelming armed force. It is painfully obvious that such an international “peace force” is intended, not to insure peace, but to insure the involvement of Americans and their soldier-sons in interminable “no-win” military adventures — a series of Korea and Viet Nam wars which will create a climate of conflict to justify and support a war-based economy.

These U.N. economic wars also serve to intimidate, to confuse, and to condition the American people, thus leading to public resignation and ultimate acceptance of one-world government (a central political authority) as a “solution” to the world’s political ills.

the whole truth,  
and nothing  
but the truth

And, finally, such a central political authority can and will employ their U.N. army to crush recalcitrant governments and destroy counter-insurgent (anti-UN) peoples.

For confirmation of the totalitarian concept embodied in the thrust for a United Nations “peace force” we need but recall the U.S.-sponsored Carnegie Endowment plan, “Apartheid and United Nations Collective Measures,” which envisaged hurling American soldiers against the government of Rhodesia in a massive blitzkrieg to reduce that country to a submissive state within the United Nations world body.

Implementing legislation to activate a United Nations army, based on the personnel and hardware of U.S. military services, has been placed before the United States Congress in the form of Senate Resolution No. 32 (4), House Resolution No. 130 (5), and other bills of similar intent.

The Constitution is, of course, very specific about the authority to wage war and keep the peace. Nowhere in this contract is there a grant of power which permits the Congress to delegate these responsibilities to any international body.

Nevertheless, the Congress purported to authorize transfer of the United States mili-

tary establishment to United Nations command by the “Arms Control and Disarmament Act,” of September 26, 1961.

These gross violations of constitutional prohibitions will not and can not insure “world peace.”

Nor does Viet Nam disengagement offer hope for “international peace and security,” as its proponents claim. Reduction of the U.S. military presence in Southeast Asia merely confirms the achievement of “conditions created by action of the United Nations,” namely, the establishment of an industrialized complex in Indochina.

The human and natural resources of that unhappy land will now be fed into the production facilities of the world industrial society to further the “trade and aid” objectives of international bankers.

Further campaigns of the United Nations “peace force” are already charted and programmed. Even as the U.S. Army, a remnant group of exploited, embittered, rebellious Americans, is withdrawn from South Viet Nam, a bewildered nation is being conditioned to send its blood and treasure to a new theatre of war, “to defend America against communist aggression,” in the Midwest.

The monstrous policy of “Perpetual War for Perpetual Peace” will persist until an aroused and indignant people commit themselves to exposing and neutralizing the financial “elite” who pulls the strings. Only then will the “Day of the Wizard” end and peace reign.

# A KOSHER WORLD

## Distinction or Invention?

By CARL LYONS

Impressive new evidence indicates the Nixon Doctrine ushers in the final stage of the Zionist conspiracy, which no serious student of international affairs can afford to ignore. The outline is always chequered with devious and sundry routing. To mirror the facts requires going far afield to sum the details of the drama, when the dramatic transformation encircles a myriad of actions in wide-range revolutionary problems. The events are baffling, with the objective realities of world socialism headed to a certainty through economic relations and the interdependence of nations for mutual advantage in commercial exchanges in a totally regulated world.

Out of history comes the Jew, whose sole desire is a world empire, something denied their society in all recorded history. For more than one thousand years before the advent of Jesus, tribes and nations fought to invoke rule and power over the human race. The Sumerian, the Assyrian the Babylonian, Persian, Grecian and Roman Empires succeeded, whereas the Jew failed in all recorded history. The prophet Isaiah inculcated the messianic thought: that ONE would come and elevate the Jews above all other peoples in the role of a supernatural body to judge and rule over as the kingdom of God on earth. When Jesus announced His Messiahship, that is, He identified Himself as THE MESSIAH of the sacred writings, His failure to establish Jews as heads of all nations brought down indignation, condemnation and lasting vengeance.

In the continuing drama: the destruction of the Jewish Temple in Jerusalem with the death of over one million Jews is thought to be the seal of impurity for their insistence of the Crucifixion of the Christ. Pontius Pilate went mad, was summoned to Rome to lose all political power. Judas, who betrayed the Christ, took his own life, and his thirty pieces of silver bought the potters field where outcasts are buried. For those who missed death, slavery became their lot under the Romans. The interval of years leading up to the twentieth century was a contest of rivalry between Feudal Lords, Kings and dynasties, all the while, the Church and the Jews were in constant conflict, while the missionary zeal of Christian believers created seven world empires under colonialism. The Crusades to rid the Holy Land of the heathen, the Spanish Inquisition against heretics, and the Dreyfus case in France involved the Jews in economic harassment and intrusions in their religious and cultural rites. The Russian ghetto segregated the Jews from the Russian elite, while Jews everywhere surged with nostalgia over the plight of kith and kin of their religious fabric.

In the year 1897 the First Jewish International was called by Theodor Herzl at Basle, Switzerland. Three topics under discussion included anti-Semitism, reconstruction of Palestine as a homeland and the dissolution of colonialism. The articles of this meeting were set in motion in the worldwide anarchist movement. Kings, dukes, dynastic leaders, and President McKinley of the U.S.A. were eliminated, to be followed by the Bolshevik movement in Russia, the First World War, the Communist Revolution, the Second World War, the U.N. juggernaut of world policing, and now to be finalized in one world government with the U.N. going to Israel, and every Jew a king and every Gentile to be a slave. Thus, is the progressive drama.

The Bolshevik revolution was directed by a mixed ethnic group of Marxist-styled Jews and Stalinist-styled Gentiles. The Communist revolution was a Trotskyite regimented Zionist band of Jews from lower New York City financed by Jacob Schiff and leading Zionists who shared the Rothschild policy of financing wars and revolutions to reap exceptional returns for their investments.

The Lenin-Trotsky policy was strictly a

Jewish religious flavor to impose the doctrine of the LAW, or the Talmud as the ideological structure and culture of all Russian peoples. The aristocracy of Russian-Christians culture was eliminated in the purge. Nationalization of the women to produce wards of the state would produce new generations under the influence of Judaism, only to suffer defeat at Lenin's demise. When Stalin grabbed the reigns of the Russian government, he checkmated the Zionist plan of Judaizing the Soviet states. Stalin was an atheistic communist, whereas, Trotsky was a Talmudist communist, the very essence of the Zionist Party. This in effect accounts for the alignment of Stalin with Hitler, until the Roosevelt-Zionist-directed U.S.A. government bought off Stalin with concessions and lend lease, plus the U.S. money plates Harry Dexter White (Weiss) sent to Russia when he served as Undersecretary to the Treasury with Henry Morgenthau Jr. Billions of dollars from these plates float over the world as bona-fide legal tender. The facts stand in proof by the testimony of Major Racy Jordan's diary, stating he tried to stop the Russians from taking two cargoes of ink and a cargo of paper of identical quality used in making United States currency, all approved by Harry Hopkins, director of Lend Lease.

Two relevant aspects hinge on recent statements made by President Nixon: one: "We will investigate those secret bank accounts of Switzerland;" two: the paraphrasing Gaylord Freeman, president of the First National Bank of Chicago (see Paul Scott's column 3/29/72) to stabilize the American dollar; Mr. Nixon proposes the American government purchase ten billion dollars worth of American Industrial Stocks, and exchange them for Eurodollars at a special discount. The purpose is obvious for the metamorphosis to center all economic wealth in the hands of the hierarchy. Corporate farming, corporate industry, corporate banking, corporate government and corporate society is in the making, and all the Jew wants is 51% of control, wherein, he votes all proxies favoring his people in the chairs of authority, pushing out the Gentile, who in time will surrender his stock certificates for a devalued dollar. Clearing the dollar out of Europe leaves a place for the Russian ruble in the switchover of Russia's influence in the Central World now coming up. And it leaves the American Gentile holding a bag of worthless paper.

What does the future hold? The power to make all decisions is the power of ultimatums. All economic power is Judaised, the Christian world becomes slaves to a system without benefit of decision. In future days, all peoples will be conscripted labor from 17 to 70 years of age. All above 70 will be pensioned provided they merit useful patronage. Computerized cash registers will debit and credit personal and corporate accounts, with the bank holding the portfolio. No work means no credit; no credit means no ration ticket, this is the ultimatum and it accounts for the current trend to phase out the existing welfare programs in preparing for the new system. Indebtedness is no factor; there is no alternative where there is no choice. Living extravagantly today means you will pay more interest tomorrow. Accumulative credit will be confiscated to hold down any form of competition. All excessive credit will become property of the state.

Cooperating with the existing system makes mandatory compliance by ultimatum. Workers will not operate as individuals; the work load will be by teams, or cells, or divisions, and all operations will be computerized to a steady flow of production. A lagging production will show on the computer graph, resulting in privilege cuts until the production level is at par with the assignment. Workers will police themselves for the maintenance of their family need, especially in food rations and necessities.

Extending the analogy for nations on the international level: The Nixon Doctrine fulfills the protocols of the Genoa Conference of 1922. Go to your public library, read **Genoa Revisited**, page 554, April 1972 For-

ign Affairs, which is the official organ for the Council on Foreign Relations, Mr. Nixon's bosses! From this reading you will discover a more complete clarifying explanation. You will see the advocacy of three world powers was proposed in 1922, and that they are now forming their position under the Ping Pong-Russian parley. America industrialized "Red Russia" and Europe under Marshall Planning programs; all of the Central World is being turned over to Russia as the developing nation to supply natural resources, and coordinate political and social action. Under Marshall Planning the United States financed the U.N. sponsored hydropower plants on the Mekong River and its tributaries interlacing Indochina, and subsidized the project with the war budget, a ruse to aid big business, that conglomerate of industry falling into Jewish control which is to make every Jew a king and every Gentile a slave. Over one hundred American-based industries await diplomatic sanction to industrialize Red China. How odd . . . it could not have become a reality until the construction of the hydropower plants of the so stated account. (See Tam-  
ing Mighty Mekong, 6/71 Readers Digest).

Here is seen the Central World is dominated by Russia, and the Eastern World will be supervised by Red China developing Southeast Asia and Africa. The United States will be the benefactor to the American complex of nations known as the Organization of American States, though, shown on the Maurice Gomberg Map, it is stated Sovietized States of America. When the new temple is completed in Israel, the United Nations will be centered there, wherein the Sanhedrin plans once again to function as the supreme body of law for all nations.

Now you have the picture each major power plays in a coexistence drama of "turning swords into plowshares." Let us look to what is planned for each nation to co-exist in the world family of nations, a system of interdependency. The redistribution of American held gold to foreign nations is proposed to give them monetary commodity to purchase SDR's (Special Drawing Rights) known as "paper gold." Surrender of this to the International Monetary Fund establishes a credit-debit account for international trade, for which the IMF holds the portfolio. At this point it is a simple system of keeping books on all nations for the distribution of natural resources and finished product for world-wide distribution. Here, we move from a NGP (National Gross Product) to a WGP (World Gross Product). From hereout is established a World Democracy, or correctly stated the Jewish Plan of Utopianism. The gold! It goes to Israel to adorn the temple, where the Talmud states: "Our Messiah will regale us with wine from Adam's wine-cellars on tables of gold."

In keeping with what is expedient to Jewish Utopianism, a feudal caste system is in the making. The existing educational system will soon be changed into a seven level system under a work and learn program. Beginning with the Child Advocacy Bill, the Government has the authority to adopt your weaned child as "ward of state" to be placed in Child Day Centers under Head Start. All who have reached the age of Bar Mitzvah (full twelve years) will be judged for their future role in society. The intellectual drop-outs will go to the kibbutz and communes in a work and learn status—some will go to industry in a similar working program. The third stage will be commerce, the fourth will be arts and science, the fifth estate will be professions, then administrative capacities, and the top or seventh level will be diplomatic corps. Thus, seven levels will emerge as caste systems, with each caste wearing a uniform identifying their social status, with a bar sinister attached to their uniforms, similar to the Star of David the Jews were forced to sew on their outer garments under Nazism.

Here we rest our case, confident you have a clear and concise understanding of what big brother means, and that will be fully consummated before dateline 1984!

# An Open Letter To President Nixon

January 17, 1972

President Richard M. Nixon  
The White House,  
Washington, D.C.

Dear Mr. President:

In my files is a letter from you thanking me for my service, much of it full time, as chairman of the Volunteers for Nixon during your campaign for the Presidency. Shortly after your renomination, I shall be explaining to the newspapers why this time I shall be campaigning actively for your defeat. It seems only proper that I state to you the reasons for my defection.

I count myself a reasonably patriotic American. In World War II, I served overseas for three years — in my concluding assignment, directing psychological warfare operations on General Dwight D. Eisenhower's Supreme Headquarters staff in Europe. But today I find myself ashamed of the position of my country in the Middle East.

I have walked through Egyptian hospitals and seen row on row of beds of little children, their bodies burned black by American-made napalm dropped from American-built planes in claimed "defense" of Israel. I have sat in shelters in a dozen refugee camps in Gaza and the West Bank, in Jordan and in Lebanon, hearing at first-hand the accounts of Palestinian Arabs who have been ruthlessly forced from the land upon which they and their forefathers had lived for hundreds of years, driven into cruel exile by an alien army recruited in Europe and America. That army, more powerful today than ever, and endowed with American material and financial support, has by pure aggression increased Israel's land area 18-fold from the Peel Commission plan, 4-fold in the 1967 Six Day War alone.

I have talked with United Nations personnel who have reported their proven findings of the brutal physical torture of Arab prisoners in Israel. I have talked with the personnel of the International Red Cross in Geneva who confirm that they are not allowed to interview those who are thus being "detained and interrogated." I have talked with a leading Israeli lawyer who charges that 80% of all prisoners are tortured. I have talked with the foreign press corps in Israel who complain that they haven't been allowed inside an Israeli prison for more than two years, that every word they write is subject to the strictest censorship and nothing critical is allowed to be sent out. I have talked with Jewish members of the Israel League for Human and Civil Rights and have seen their terrifying statistics of human torture, of mass demolition of Arab homes and wholesale deportation of the indigenous population — all gross violations of the Third and Fourth Geneva Conventions. The knowledge that my country's moral and material support of this politico/military monster is all that keeps it going is a matter of shame and embarrassment to me, Mr. President.

When I read in the Jerusalem press a statement by a senior Israeli government official that "we know that we can take care of the Arabs, but we need to know whether the United States can take care of the Russians," I am heartily ashamed of the part I played in helping to elect an Administration that deliberately allows this renegade member of the world community to lead us inexorably down the road to the ultimate disaster of a nuclear confrontation with the Soviets.

When I read that you have pliantly acted in accordance with Congressional "resolutions" calling upon you to give all-out support to Israel, however intransigent it may be and however defiant of U.N. decisions on Jerusalem, and then I observe in the Congressional Quarterly the fees which the

**Richard Dayan Nixon**

— Israel's Best General.**

sponsors of the resolutions have received from Zionist sources for their infamous services, I weep for my country and its future. Washington columnist Joseph Alsop reports that with one exception, "every liberal senator receives more than half of his campaign contributions from Zionist sources." In the Forrestal Diaries, the former Secretary of Defense expressed his concern that "one group in this country should be permitted to influence our policy to the point where it could endanger our national security. It is a disastrous and regrettable fact that the foreign policy of this country is determined by contributions a particular block of special interests make to the party funds." NEWSWEEK a few weeks ago reported that "100 of the nation's most influential Jewish leaders have announced plans to convene in Washington next week to push for a resumption of weapons' sales to Jerusalem. In talks with top Republicans, the Jewish leaders are expected to underscore the importance of Jewish support for Mr. Nixon's re-election next year." It is a sad measure of the degree of our fall from grace that our foreign policy can now be bought for a few shekels.

Your "even-handedness" toward the Arabs may provoke smiles at the United Nations, but to the Arab Middle East it is far from a joke. I predict that an oil-short United States will one day pay a huge price for the fantastically-inept foreign policy with which your Administration has indulged itself in that area of the world. Virtually every American ambassador stationed in the Middle East since 1943 warned explicitly against backing Zionism because it was the Achilles heel through which the Soviets would advance their interests in the area. You would do well to recall John F. Kennedy's admonition that "American partisanship in the Arab-Israeli conflict is dangerous both to the United States and the free world." Contrast your position with that of Dwight Eisenhower who, in 1956, unhesitatingly put principle above politics and ordered not only Israel but a powerful Britain and France to surrender what they had seized in the Middle East. I respectfully remind you that he left office honored by the entire world. How would he judge YOUR policy today?

Equally lamentable is your persistent refusal to acknowledge the existence of the Palestinian Arabs and to give your support to their efforts to bring some kind of order out of the chaos. Ignoring the obvious fact that the Suez Canal, Sharm el Shaik, Jerusalem and the Golan Heights are simply peripheral problems which will NEVER be solved until the basic problem of Palestinian nationalism is solved, you and your Administration have four times rejected overtures made on behalf of a representative group of responsible Palestinians.

Over the past year, I have had occasion frequently to applaud and support your domestic economic policies in my radio and television commentaries. In that area you have done an excellent job. Why, then, am I not going to support you in the coming campaign? Because I am convinced that if you continue your present foreign policy of blind support for Israel which in the U.N. has isolated us from the rest of the world community, there won't BE any United

States, economically sound or otherwise. With consummate skill and cunning, the Israeli government which we have imposed upon the peoples of the Middle East is turning its conflict with the Arabs into a confrontation between our country and Russia. If they cannot have their own way, they are quite prepared to spark an Armageddon which will destroy us all.

Perhaps future scholars researching your official papers will discover the reasons which have impelled you to adopt policies so contrary to our country's best interests in the Middle East. Certainly those reasons are not now apparent. When the American dollar was in its deepest trouble abroad, Bank Leumi of Israel made a financial killing trading millions of U.S. dollars for German marks for its own account. On what grounds does your Administration justify handing them hundreds of millions of additional dollar credits? The over-enthusiastic receptions given Prime Minister Meir by your Administration stand in marked contrast to the reception given American citizens in Israel — the American consul in Jerusalem has confirmed to me that in a recent single week the consulate received more than fifty complaints from American citizens who had been beaten up and/or imprisoned without charges by Israeli police.

Why are we giving Israel such blind support? To save the Middle East from Communism? But it is Israel which has brought a Communist presence into the area. Because it is our policy to support democratic regimes? What is democratic about a regime which is bound by its "fundamental" laws to discriminate against people, not because they are Christians or Muslims, but simply because they are NOT Jews? What is democratic about a country with a parliament not one member of which has been elected by the people but whose members are instead appointed to their posts by political party bosses? What is democratic about a regime in which the Sephardic Jews who constitute 60% of the total population are "represented" by only 15% of the parliamentary seats? What is democratic about a system which uses our dollar credits and tax-deductible United Jewish Appeal funds to support a growing body of "fat cats" living a life of luxury while thousands of their Sephardic Jewish and Arabic fellow citizens exist in unspeakable slum conditions?

In the refugee camps, two million displaced Palestinians who BELIEVED Wilson's Fourteen Points, who BELIEVED the Covenant of the League of Nations, who BELIEVED the Charter of the United Nations — all of which guaranteed them their freedom and independence — wait and hope pathetically for justice from what was once the greatest nation on earth, apparently unaware that the nation has become a dancing bear, responding dumbly to the commands given it directly by the government of Israel and indirectly through a potent Fifth Column which operates here in America and which gives blind obedience to the Zionist credo that all Jews everywhere owe national loyalty to Israel, a loyalty which is enjoined upon "the Jewish people" everywhere by the so-called "Status Law" enacted by the Knesset in 1952. What is our world image in the light of the recent Zionist announcement that in the year 1971, more than 10,000 American Jews "fled" to Israel to escape persecution, their passage paid by the Jewish Agency from tax-deductible American "charitable" contributions to the United Jewish Appeal?

In summary, Mr. President, I find your Middle East policy intolerable. That is why I shall work vigorously for your defeat, giving the widest possible dissemination to my reasons. The defection may be of small consequence, of course. On the other hand, when I was asked to serve in your campaign, someone must have assumed that I was capable of influencing others. I shall try my best to do that, hoping that thereby I may help my country regain some measure of its self respect.

Respectfully Yours,  
NORMAN F. DACEY

# Make Your Peace with God

"In biological history, no organism has survived long if its environment became in some way unfit for it, but no organism before man has deliberately polluted its own environment." — Rachel Carson in "Silent Spring."

By PAUL PULITZER

Concerned Americans must stop wishful thinking about the impossible. They must make up their minds to face up to one, single, hard reality. Until and unless our deaf, dumb, and blind "great silent majority" wakes up long enough to realize that the **International Money Power** has enveloped them in its blood-sucking tentacles, and then are willing to grapple with it to save their own lives, the fate of these United States of America is a foregone conclusion. It is going to die. In fact, if we refuse to lift our brothellic press, radio, and TV-mesmerized heads out of the sand to face up to the harsh realities of life ahead of us, every man, woman, and child in America, as well as on earth, and regardless of race, creed, or color, will be dead within the next **28 years**. Even to a sick society such as ours, this alternative should act like an alarm clock. Whether it will, is something over which we can no longer entertain any illusions.

Our **International Money Power**-abused planet is doomed. Because we have lost respect for and have no more faith in the **Law of God** and the **Law of Nature**, and thus have not had the mental, moral, spiritual, and physical courage to take back from the **International Money Power** that which belongs to God and to us as His children on earth, it is fated to rotate on its already wobbling axis as another dead planet in space until subterraneous convulsions will shake it into particles of dust. As sure as there is an Almighty God in Heaven and as certain as night follows the day, this will happen before the end of this turbulent century.

This apocalyptic prognosis is not predicated upon illusionary doomsday soothsaying. It is based upon the general consensus of studied opinion now being publicly voiced by some of the world's most distinguished scientists, biologists, geologists and environmental control experts. It is not, however, coincidental that this general consensus of scientific opinion confirms biblical prophecy and the more than 400 warnings delivered to all mankind by the Mother of God in each of Her apparitional appearances on earth since 1830 A.D., each witnessed, certified to, and recorded, but each ignored, ridiculed, or buried under an avalanche of deliberately-contrived, theological misinterpretation. Just as man and the **International Money Power** enslaving him refuses to heed biblical and supernatural admonitions, it is not likely either will bother to listen to or believe in the warnings of environmental science. Man, as well as the evil power that controls and motivates his deplorable way of life, will live long enough to regret this capricious folly. But, by that time, it will be too late to make amends. God, angered by man's inability to listen to reason, will exact long over-due payment from all mankind for failing Him, while He engages Satan, in the form of the **International Money Power**, in a titanic battle-to-the-finish on earth. This will be Armageddon. It is closer than we realize!

All living things on this planet will not go out with a thermonuclear bang. This is not likely because, to begin with, the spectre of thermonuclear extermination has been a fraud right from the very beginning of the atomic age. This satanic plot was so designed and implemented as to reap tremendous profits out of thermonuclear research and development, to fragmentize and then polarize the world into antagonistic enclaves, and, finally, by effectuating such

a division making it easier for the **International Money Power** to corral the whole world into a totalitarian, world super-government owned by them. The framework for this **new world order** has already been constructed. Meanwhile, these off-springs of the devil are not about to trigger a thermonuclear holocaust to wipe out their satanic dream and themselves along with it. What is now almost certain however, is that **ALL** life on earth will die out with a gasp. All because man, in his cybernetically-induced, paranoical obsession with materialistic consumerism in order to acquire pseudo-social status through his fanatical acquisition of creature comforts, is unable to realize that, by this behavioral pattern, he is not only aiding and abetting the evil forces who are hell-bent on exploiting and enslaving him, but is also thereby hastening the day of his own extinction. He is actually helping the **International Money Power** to poison the air he breathes, the water he drinks, the soil that produces his food, and the food that he eats. Consequently, man is not only his own worst enemy, but is also the mortal enemy of all other life forms on earth.

To acquire dollar-status and the pseudo-sense of power that it brings, man has become a filthy animal wallowing in an environmental garbage dump, while the **International Money Power** responsible for the assassination of his environment and the pollution of his mind, appeases its insatiable appetite for more and more profits with which to perpetuate its already corrupted power. That the **Intl. Money Power** will perish along with the life forms it exploits and contaminates, does not concern them. Because these satanic worshippers of Mammon have been absolutely corrupted by their absolute power over man, they actually believe that they are more powerful than the laws of God and Nature and that, being the offsprings of Satan, they will survive any global annihilation of life on earth. This is the kind of lunacy absolute power generates. But, man, because he meekly permits himself to aid and abet this kind of insanity, is not much better. The best that can be said for him is that he has degenerated into a mental castrate because of greed.

The assassin of our environment is the **International Money Power** which, through its absolute control of our national economy, owns almost all of the production facilities responsible for our catastrophic, environmental pollution. In turn, the consumer products produced by these facilities, including the fuels used to operate some of them, also augment environmental contamination. In the United States alone, for example, every year 7 million automobiles, 20 million tons of paper, 48 billion cans, and 26 billion bottles and jars are discarded. Over one million acres of invaluable greenery is paved-over every year, over 133 million tons of smoke and noxious fumes is belched into the air we breathe, trillions of gallons of waste water as well as billions of tons of organic and chemical pollutants are permitted to seep into our brooks, lakes, rivers, estuaries, and oceans and enough pesticides and other lethal chemicals are used to produce our food to wipe out every living thing on earth!

In New York City, for example, over 8 million pounds of carbon monoxide and millions of pounds of carbon dioxide are let up into the atmosphere daily. And, when the poisonous air content over the city rises to 0.2 to 0.4 parts per million, about 20 people a day die from exposure to contaminated air. It is the same throughout our country and it is getting much worse with each passing day.

Here is what some of the world's leading environmental scientists have to say about the condition of our environment:

"The spread of radioactive dust; the long journey of DDT from someone's rose garden to the shell-less eggs of unborn birds and the bones of unborn children; the new, resistant strains of venereal disease and malaria, which are robbing us of our recent conquest of these dangers; the knowledge

that man's activities can alter the temperature of the earth, create storms of inestimable strength, pollute the oceans as well as the small lakes and streams that are dying throughout the civilized world; all have brought home to us that the earth is an island. Now the whole world is coming to realize the interconnectedness between the way man lives and whether or not their children and children's children will have a habitable world. Not war, but a plethora of man-made things disposable, indestructible beer cans; too much industrial waste in the lakes and streams, from antibiotics designed to protect egg-laying fowls to pesticides designed to protect the orange crop is threatening to strangle us, suffocate us, bury us in their debris and by-products of our technologically inventive and irresponsible age."

"We synthesized and disseminated new insecticides — before anyone learned that they also kill birds and might be harmful to people. We produced synthetic detergents and put billions of pounds into our surface waters — before we realized that they would not be degraded in disposal systems and would pollute our water supplies. For a number of years we spread radioactive fallout across the globe — before we learned that the resulting biological risks made it too dangerous to continue. We have unwittingly killed thousands of sheep in testing our chemical weapons and have triggered unanticipated earthquakes with our nuclear tests . . . ."

"Unless America awakens, we and our children will be in deep trouble . . . ."

"We are terribly close to a major ecological catastrophe unless we take drastic steps to correct our environmental pollution. It is a race whether we run out of potable water or breathable air first. It has gotten so bad we are beginning to get air pollution products from Japan on the West Coast of the United States and all the world has DDT. You know, it is found in polar bears in the Arctic and penguins in the Antarctic. And that does not even begin to talk about radioactive material . . . ."

The foregoing quotes out of public statements made by environmental scientists are bad enough. However, on record, it is much worse. Our air, our water, and our soil is going fast. So fast, in fact, that according to these very same scientists, we will have had it by the end of this century. Moreover, this condition is not peculiar to the U.S. alone. It is world-wide in scope. So much so, in fact, that, even if we did succeed in cleaning up our own environment, if the same isn't done all over the world we will have accomplished nothing. Consequently, as this problem affects all nations and all peoples on earth, it is the one problem which could bring the world together in peace to accomplish a mutual effort on behalf of all mankind. Especially, because this lethal problem transcends ideo-political differences and pragmatic considerations. It transcends racial barriers as well. However, because such independent unity in global effort would be inimical to the best interests of the **International Money Power**, it follows that it will block such a combined assault upon environmental pollution around the world. And, for the simple reason that, before the whole world can ever get together to decontaminate the environment, and thus save all forms of life on earth, the absolutely corrupted power of this **Synagogue of Satan** would have to be smashed to bits first.
